

## Speakers

**PD Dr. med. Andreas Bannowsky**  
Klinikum Osnabrück GmbH

**PD Dr. med. Roland Dahlem**  
Klinik und Poliklinik für Urologie, UKE Hamburg

**PD Dr. Georgios Hatzichristodoulou**  
Urologische Klinik und Poliklinik der TU München  
Klinikum rechts der Isar

**Prof. Dr. med. Klaus-Peter Jünemann**

**PD Dr. med. Carsten Maik Naumann**

**Dr. med. Daniar Osmonov**  
Klinik für Urologie und Kinderurologie, UKSH,  
Campus Kiel

**Tobias S. Kohler, MD, MPH**

Associate Professor of Urology, Southern Illinois  
University, USA

**Dr. Christian Leiber**

Klinik für Urologie, Universitätsklinikum Freiburg

**PD Dr. phil. Dipl.-Psych. Jorge Ponseti**

Institut für Sexualmedizin und Forensische Psychiatrie und  
Psychotherapie Kiel

**Prof. Dr. med. Thilo Wedel**

Zentrum für Klinische Anatomie, Christian-Albrechts-  
Universität zu Kiel

**Prof. Steven K. Wilson, M.D., F.A.C.S., F.R.C.S.**

Institute for Urologic Excellence, California, USA

**CME-Punkte / Credit Points**

for German participants only

Die Veranstaltung wurde von der Akademie der Deutschen  
Urologen bewertet und wird voraussichtlich mit 13 CME-  
Punkten zertifiziert.

**Sponsoring**

We would like to thank our main sponsor Coloplast GmbH  
for their support and for the excellent collaboration.

Co-Sponsoring:   500 €

**Limited number of participants:**

For body donor workshop: **20 participants**

For live surgeries and roundtable discussions: **40 participants**

Please send the completed registration form back by

**October 16, 2016.**

**Attendance fee**

For participants in training on body donors, experts dinner and  
roundtable with Dr. Steve Wilson (Thursday) and live surgery  
with case discussions (Friday): 250 €

For participants in experts dinner and roundtable with Dr.  
Steve Wilson (Thursday evening) and live surgery with case  
discussions (Friday):

Senior physician 100 €

Resident physician 70 €

meeting + surgical course for  
serious penile implanters**  
Training on body donors and live surgery

Bring your own cases for roundtable discussions.

17./18. November 2016

# Invitation

Dear colleagues,

We are happy to welcome you to Kiel, to the 5th edition of the „legendary“ international Wilson’s workshop: Surgical Course, human body donor and Live Surgical Workshop on penile implants. This course has received growing recognition due to the close cooperation between clinical anatomy and surgical andrology.

We feel honored and privileged that we have been able yet again to engage Prof. SK Wilson, a renowned expert in the field of implant surgery from California, U.S.. This year’s course addresses mainly the experienced penile surgery experts looking for the latest updates and to those who are looking for new surgical techniques, e.g., penoscrotal and infrapubic IPP implantation and ectopic reservoir placement.

The unique highlight of the symposium on day 1 will be a surgical training course on body donors at the Institute of Clinical Anatomy. This hands-on workshop will provide ample opportunity for practical experience and interaction between experts and participants. There will be two to three participants and one expert per body donor. Prof. Wilson will demonstrate an implantation step by step, and the participants will be able to repeat all surgical steps on their body donor, while being able to follow the procedure on large flat screens.

For day 2, we have scheduled three in vivo surgeries with live video transmission to the conference room. During the performance, the participants will have the opportunity to discuss the tricks and challenges of each procedure with the surgeon. In the intervals between surgeries there will be presentations discussing all theoretical aspects.

We are looking forward to welcome you in Kiel.

Dr. D. Osmonov  
Senior registrar Department of Urology and Pediatric Urology

PD Dr. C.M. Naumann  
Senior registrar Department of Urology and Pediatric Urology

# Program

## Agenda: Surgery on body donors

Thursday 17<sup>th</sup> of November 2016

**Location:** Institute of Anatomy / Center of Clinical Anatomy, Christian-Albrechts-Universität zu Kiel, Otto-Hahn-Platz 8, 24118 Kiel (use the front entrance facing the Olshausenstrasse)

12.00	Welcome lunch and registration
12.30	<b>Theoretical part</b>
	Introduction D. Osmonov, T. Wedel
	1. Ethical characteristics of the work with anatomical specimens T. Wedel
	2. Penoscrotal implantation of Titan Touch pump step by step S. Wilson
	3. Infrapubic implantation of penile implant step by step C. Leiber
	4. Ectopic reservoir placement D. Osmonov
14.30	Coffee break and visit of the anatomy museum
15.00	<b>Surgery on body donors, hands on part</b>
	1. Demonstration of predissected anatomical specimens with relevant landmarks for penile implant T. Wedel, D. Osmonov
	2. Demonstration of the standard instruments and implant (including prosthesis and assembly kit) for the implantation of penile prosthesis D. Osmonov, C.M. Naumann
	3. Implantation of Coloplast Touch penile implant with classic reservoir placement S. Wilson
	4. Implantation of Coloplast Touch penile implant with ectopic reservoir placement, demonstration of telescopic device S. Wilson
	5. Demonstration of „modeling procedure“ using Coloplast cylinders S. Wilson
	6. Demonstration of infrapubic device implantation C. Leiber
15.45	After the demo surgery all surgical procedures will be carried out by the participants on their own working stations/body donors.
17.30	End of course
19.30	Experts Dinner with lecture at Hotel Kieler Yacht Club: How to start a business by Dr. Kohler → Hotel Kieler Yacht Club, Kiellinie 70, 24105 Kiel

## Agenda: Live surgery

Friday 18<sup>th</sup> of November 2016

**Location:** UKSH, Konferenzraum A+B in Neurozentrum Haus 41, 4<sup>th</sup> floor, Arnold-Heller-Straße 3, 24105 Kiel

Presentations will be held during the pauses between surgeries (the video transmission can be switched between presentation and surgery images at any time).

8.00	<b>Live surgery</b>
	1. Implantation of Titan Touch penile implant. Classic reservoir implantation. Surgeon: S. Wilson
	2. Implantation of Titan Touch penile implant. Ectopic high sub-muscular reservoir placement. Surgeon: D. Osmonov
	<b>Presentations (30 min, including 10 min discussion each)</b>
	Pre- and postoperative considerations of penile prosthesis implantation D. Osmonov
	Use of penile implants on Peyronie’s disease. Penis lengthening. Myth and reality. G. Hatzichristodoulou
	Lessons from the masters – wisdom learned from complications T. Kohler
10.30	Coffee break
11.00	<b>Presentations</b>
	How good is nerve-sparing during a radical prostatectomy? Anatomical basics of the erectile function and surgical aspects of nerve preservation K.P. Jünemann
	Rehabilitation of erectile function after radical prostatectomy. Does it make sense? A. Bannowsky
	You make me feel like a natural woman... Female sexual desire from the point of view of sexual therapy J. Ponseti
	Discussion
13.00	Lunch
13.30	<b>Live surgery</b>
	3. Modeling procedure or Tachosil Graft during the implantation of Titan Touch as a surgical option for Peyronie’s disease Surgeon: T. Kohler, G. Hatzichristodoulou
14.15	Coffee break
14.30	Tips and tricks of salvage implantation. What should you know to go salvage? S.K. Wilson
	Bring your own case. Difficult cases from your hospital Moderation: R. Dahlem
	Discussion and closing remarks
15.30	End of course

Wissen schafft Gesundheit
